

Randy Jacobson

Randy has been a professional DJ for over 15 years. He started spinning records as a hobby in High School and found that he had a special gift choosing very eclectic music choices at events. Randy is a collector of music and knows just what to play to make any party come alive. His eclectic tastes and experience have made him the ideal choice for events that require special music styles.

Randy has performed for many of the “hottest” night clubs in Los Angeles. His club experience gives him an advantage over other DJs. He will mix two pieces of music together seamlessly, and make the transitions between them transparent. This keeps the dance floor full.

His past performance references are also very impressive. Over the past few years, Randy has performed for:

The Disneyland Hotel
Deloitte Touche
Sumitomo Bank
El Torito

Maverick, the Movie Wrap Party
Dean Witter
Nissan
Ricoh

Randy is one of our original Disc Jockeys. He has been with us for over eleven years. He can play an incredibly wide selection of music that can move any type of crowd to the dance floor. Swing, 50's, 60's R&R and Motown, 70's, 80's, and 90's.

From weddings to corporate functions, birthday bashes to bar and bat Mitzvahs, Randy Jacobson's professionalism and extraordinary music selections have been thrilling “party go'ers” for almost two decades.
